EDUCATION

SR University Warangal, Bachelor of Technology in Computer Science and Engineering	2021 - 2025
• CGPA: 8.61/10	
Telangana State Residential Junior College Sarvail, Intermediate (MPC)	2019 - 2021
• Marks: 944/1000	
Zilla Parishad High School Gundala, SSC	2018 - 2019
• CGPA: 9.5/10	

TECHNICAL SKILLS

Programming Languages: C, Python, Java, SQL.

Web Technologies: HTML, CSS, JavaScript, TypeScript, React.js, Tailwind CSS.

Backend & Databases: Node.js, Express.js, MySQL.

Tools: Git, GitHub, Postman, VS Code.

Proficient in: Data Structures & Algorithms.

PROJECTS

OpportunityHUB

- Developed a scalable platform allowing admins to dynamically add **companies**, each with static profiles detailing jobs, hackathons, and opportunities.
- Implemented **real-time job posting** and **search-by-company** features for streamlined access.
- Enabled **500+ students** to discover and apply to relevant roles, improving opportunity engagement by **35%**.

Nutrition Analysis

- Collaborated in a **team of two** to develop a **nutrition predictor** for an AIML course project. Focused on **data visualization and dataset training**
- Implementing **logistic regression, decision trees, random forest, and SVM** to predict the health impact of carbohydrates.
- Processed **10,000+ data points**, achieving **92% accuracy** and enhancing predictive performance by **40%**.

Online Eye Testing Portal

- Built an **interactive Eye Testing Portal** for conducting **4+ vision tests**, including **text intensity, size variation, color differentiation, and number recognition**.
- Built with a user-friendly interface to improve accessibility and accuracy in preliminary eye screening.

Personal Finance & Budget Management Platform

- Developed a C program using data structures to track **income, expenses, and budgets**, helping **100+ users** improve financial planning and boost savings by **40%**.

CERTIFICATIONS

- Database Management Course from NPTEL - Gained expertise in **RDBMS**, designed **10+ ER models**, executed **50+ SQL queries**, and studied **Transactions, Concurrency Control, and Indexing**.
- Machine Learning With Python VERZEO - Studied **Supervised & Unsupervised Learning**, implemented **5+ ML algorithms** (Logistic Regression, Decision Trees, SVM), and worked on **3+ real-world datasets** using **Pandas, NumPy, Scikit-learn, and Matplotlib**.

ACHIEVEMENTS

- Solved **200+ problems** on **LeetCode**, achieving **5-star** in Python and **4-star** in C on **HackerRank**. Actively participate in **weekly contests**, continuously improving logical thinking and DSA skills. Ranked in the **top 47.82%** on LeetCode
